### FRIDAY, SEPTEMBER 25

**American Heart Associations blended learning ACLS course**

4.5 CE credits | $250

(Register at [http://cprdoneright.com/evrplus_registration/?action=evrplusegister&event_id=187](http://cprdoneright.com/evrplus_registration/?action=evrplusegister&event_id=187))

American Heart Association course designed for healthcare professionals who either direct or participate in the management of cardiopulmonary arrest or other cardiovascular emergencies for adults. This course highlights the importance of team dynamics, communication, systems of care, and immediate post-cardiac arrest care. It also covers airway management and related pharmacology.

**Part I (Online Learning)**

The eLearning (online) portion is a self-directed, comprehensive eLearning program that uses eSimulation technology allowing students to assess and treat patients in virtual healthcare settings. This course will be assigned to you, after payment is received, for you to complete before the ASA annual meeting. Plan for the online portion of the course to take about 8-10 hours to complete.

**Part II (Skills Practice & Testing)**

The in person skills practice & testing session is designed to allow students time to practice before required skills testing to receive their certification card. This portion will be completed on Friday, Sept 25th at the ASA annual meeting. The skills session will last about 2 hours. Max of 6 people/session.

- Skills sessions will be held on Sept 25th at:
  - 8 am–10 am; 10 am–noon; 12:45–14:45 pm; 14:45–16:45 pm

Skills sessions will be filled 1st come 1st serve until all spots are filled. When registering we will ask for 1st, 2nd, 3rd, and 4th preference of times. We will assign registration based on availability. Separate registration; limited capacity. Fee: $250.

All ACLS registrants must register for ASA meeting. Register at [http://cprdoneright.com/evrplus_registration/?action=evrplusegister&event_id=187](http://cprdoneright.com/evrplus_registration/?action=evrplusegister&event_id=187)
